

WARRENCAT

THINK BIG

TECHNICIAN INTERN PROGRAM

ThinkBIG is a 2-year hands-on program. You'll learn secrets to servicing the most advanced heavy equipment in the world. Students accepted to OSU Institute of Technology's Cat® Dealer Prep program have the opportunity to work with their head and their hands on the most advanced and powerful machines built by the world's leading manufacturer of construction equipment, Caterpillar.

Those in the two-year Cat program will spend half their time on campus for technical instruction on current products and equipment learning the latest diagnostic and service procedures. The rest of the time will be spent getting real-world training through paid internships at Cat dealerships.

Caterpillar dealers have a critical need for highly qualified, motivated and skilled employees who can diagnose problems, find solutions and perform equipment service and repair. The Cat program upgrades the skills of incoming service technicians and trains students to use recommended procedures, special tools and service information in order to maintain Caterpillar equipment.

Graduates with an Associate in Applied Science who complete the Cat Dealer Prep program become a part of a team that helps get important work done like building projects and road construction.

BENEFITS

Tuition reimbursement plan

Paid GPA performance

- \$750 for GPA of 3.0 - 3.49
- \$1,500 for GPA of 3.5 or better

Paid internship with pay rate increases each semester

Accredited by the Associated Equipment Distributors (AED)

All participants receive in-state tuition rate

\$8,000 tool package is included when students start the program

TUITION RATE

All students receive in state tuition rate.

TUITION REIMBURSEMENT PLAN

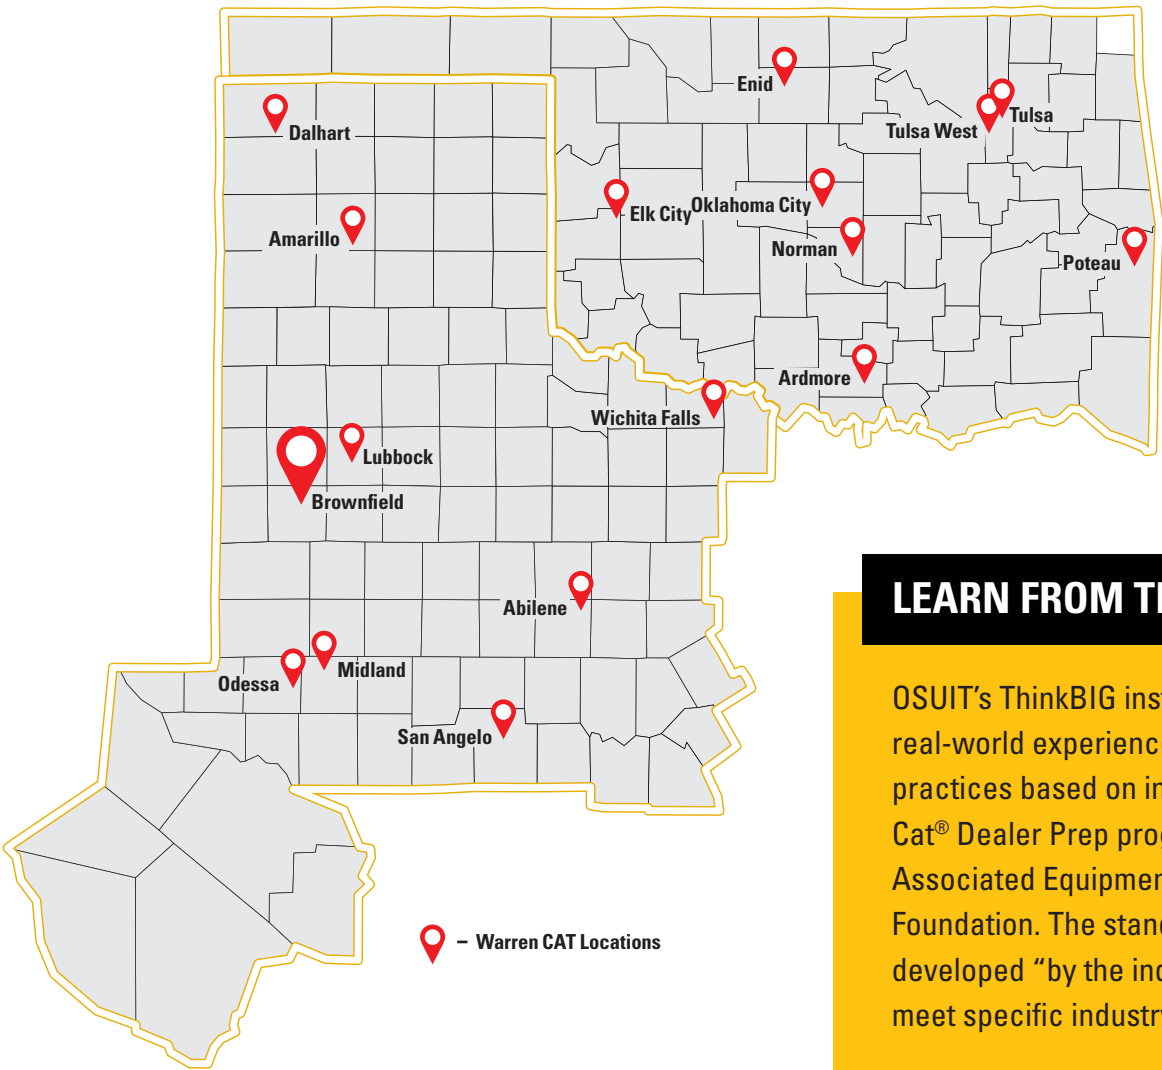

Warren CAT repays \$30,800 over a 4-year time frame. Current employment at Warren CAT is required to receive payment.

End Year 1	End Year 2	End Year 3	End Year 4
\$4,000	\$6,000	\$8,400	\$12,400

FINANCIAL AID

Student financial aid awards depend upon two factors: financial need and availability of funds. To determine need, applicant financial circumstances are evaluated. Various federal and state-funded financial aid programs are available to students enrolled in a degree program at OSUIT.

LEARN FROM THE EXPERTS

OSUIT’s ThinkBIG instructors have extensive real-world experience and teach current best practices based on industry standards. OSUIT’s Cat® Dealer Prep program is accredited by the Associated Equipment Distributors (AED) Foundation. The standards have truly been developed “by the industry, for the industry” to meet specific industry needs.
